COUNTING THE VOTES

Further Returns From Tuesday's Election.

SOME OFFICIAL FIGURES.

Those Places Not Yet Heard From an Estimate is Made by Which a Good Idea is Formed of Just What the Result is. Some Consolation for Both Parties.

COLUMBUS, O., Nov. 6.—The Republican state committee, on unofficial returns received from seventy-five counties and the balance estimated claim the Republican plurality on the head of the state ticket will be between 14,000 and 15,000. The committee concedes the defeat of McKinley by about 200 and Foster by 75 or 100.

The Democratic candidates in the other close congressional districts received majorities ranging from 500 upwards, with the exception of Cosgrave, at Cincinnati, who is defeated by Storer, Republican, by 2,700. One of the most remarkable Democratic gains was in the Eleventh district, where Pattison, Democrat, was elected by 3,100, with a gain of 1,500 over last fall's vote. The Republican committee concedes the delegation to congress will stand 7 Republicans to 14 Democrats.

On the returns received on private advice, the Democratic committee estimate the Republican plurality on the head of the ticket will be about 10,000, and think it will fall below these figures. On unofficial figures they claim McKinley is defeated by 318 and Foster by 300 or 400. Their estimate as to the numerical standing of the delegation is the same as that of the Republican committee.

The Democrats have elected congressmen in the following districts:

Third—George W. Houk.
Fourth—Martin K. Gantz.
Fifth—Ferd C. Layton.
Sixth—D. D. Donovan.
Seventh—William E. Haynes.
Eighth—Darius D. Hare.
Ninth—J. H. Outhwaite.
Eleventh—John M. Pattison.
Thirteenth—Irvine Dugan.
Fourteenth—James W. Owens.
Fifteenth—M. D. Harter.
Sixteenth—J. G. Warwick.
Seventeenth—A. J. Pearson.
Twenty-first—Thomas L. Johnson.
Republicans elected congressmen in the following districts:
First—Bellaury Storer.
Second—John A. Caldwell.
Tenth—Robert E. Doan.
Twelfth—W. H. Enochs.
Eighteenth—J. D. Taylor.
Nineteenth—E. B. Taylor.
Twentieth—V. C. Taylor.

This makes seven Republicans and fourteen Democrats. At this writing, however, the election of Hare and Warwick is not established by complete returns, and the apparent majority in each case is so small as to make it unsafe to claim an election until the official count is made.

From official and unofficial returns received from all the counties of the state except ten, and estimating them the same as they were last year on the vote for governor, the plurality of D. J. Ryan, Republican candidate for secretary of state, is 15,129.

WOOSTER, O., Nov. 6.—Owing to the non-arrival of the returns from two precincts official count could not be made yesterday. Warwick will have 891 majority over McKinley; Cromley 327 over Ryan. This is based on returns received at Democratic headquarters. The chairman of the Republican committee says Warwick will not have over 880. Greater interest is manifested than in any election ever held in this county.

CANTON, O., Nov. 6.—McKinley's great gain of 2,700 up to tonight, lacks 147 of electing him. The official count may change this. There has been trouble in getting news from Holmes county.

Pennsylvania.

PHILADELPHIA, Nov. 6.—The latest returns from the twenty-eight congressional districts of the state show the election of eighteen Republicans and ten Democrats. The present delegation from this state stands twenty-one Republicans and seven Democrats. Following are the congressmen elected with the majorities received. Both contestants claim the Seventeenth district, but complete returns which, however, are not official, give Elliott 100 majority.

First—Bingham, Republican, 7,650.
Second—O'Neill, Republican, 6,627.
Third—McAlee, Democrat, 3,236.
Fourth—Reyburn, Republican, 12,894.

Fifth—Harmer, Republican, 11,376.
Sixth—Robinson, Republican, 3,650.
Seventh—Hullowell, Democrat, 125.
Eighth—Muttcher, Democrat, 6,613.
Ninth—Brunner, Democrat, 9,930.
Tenth—Brosius, Republican, 9,932.
Eleventh—Ammerman, Democrat, 374.
Twelfth—Shonk, Republican, 1,422.
Thirteenth—Reilly, Democrat, 1,500.
Fourteenth—Rife, Republican, 3,650.
Fifteenth—Wright, Republican, 1,800.
Sixteenth—Elliott, Democrat, 100.
Seventeenth—Wolverton, Democrat, 5,600.

Eighteenth—Atkinson, Republican, 400.
Nineteenth—Beltzhoover, Democrat, 8,150.

Twentieth—Scull, Republican, 500.
Twenty-first—Huff, Republican, 1,500.
Twenty-second—Dalzell, Republican, 6,000.

Twenty-third—William A. Stone, Republican, 7,000.
Twenty-fourth—Stewart, Republican, 2,000.

Twenty-fifth—Phillips, Independent Republican, 1,800.
Twenty-sixth—Griswold, Republican, 2,000.

Twenty-seventh—Charles W. Stone, Republican, 2,500.
Twenty-eighth—George T. Kribbs, Democrat, 4,800.

Kansas.
KANSAS CITY, Nov. 6.—The Republican candidate for governor is beaten; six out of seven Republican congressional candidates defeated; Senator Ingalls' reelection a subject of grave doubt. That is the situation in Kansas. Eighty-two thousand Republican majority has been overcome. The Farmers' Alliance did it and it was a genuine surprise. The chances for the Democrats gaining in some districts was bright, but no such overrunning of Republican majorities was expected. For the first time in many years the Republican delegation is broken. Only one Republican is elected—Hon. F. H. Funston, from the second district.

The Democrats were successful in the First district, electing Thomas Moonlight over Broderick, Republican, by 10,000 majority. The Farmers' Alliance carried the other five districts, electing Clover over Perkins, Republican, in the Third; Otis over Kelly in the Fourth; Davis over Phillips, Republican, in the Fifth; Baker over McNall in the Sixth; and Simpson over Hollowell in the Seventh. The Kansas delegation will stand: Republicans 1, Democrats 1, Farmers' Alliance 5.

The Farmers' Alliance and the Democrats waged a bitter campaign against Senator Ingalls, whose term expires in 1891, and in a majority of the districts contained one of their candidates against the Republican candidate. The result is the certain election of ninety-five Farmers' Alliance and Democratic legislators against thirty Republicans. Some of the latter may vote for Ingalls, but his opponents claim that there will be a majority of 6 against him.

ILLINOIS.
CHICAGO, Nov. 6.—The Democrats do not yet concede that the Republicans have carried the Illinois general assembly on joint ballot and the result seems greatly in doubt. Gen. Palmer, the Democratic candidate for United States senator, says his information is too meagre to express an opinion on the result of the election.

A Daily News dispatch from Bloomington, Ill., says: Congressman Rowell, Republican, of the Fourteenth district, failed to secure re-election. His opponent carried the district by 300 votes.

Both parties are claiming a legislative majority on joint ballot, and the Democrats are hopeful of electing Gen. Palmer to succeed Senator Farwell.

The Republican state central committee insists that it will control the general assembly by five or six on joint ballot, but the Democrats as vigorously insist they will have a majority of one to three. The result is still in doubt. The house will certainly be very close, with the chances in favor of the Democrats, on the face of the incomplete returns.

The latest returns from the Sixteenth district indicate that Democratic congressman Fithian has been defeated by Reeder, the Farmer's Mutual Benefit association candidate, by a majority of 236. This is probably correct, and will leave the Illinois delegation eleven Democrats, three Republicans, and one Farmers' Mutual Benefit association.

Cannon Gives It Up.
CHICAGO, Nov. 6.—A personal message has been received here from Mr. Cannon, from Danville, Ill., in which he says Bussey's majority will be about 300.

Colorado.

DENVER, Nov. 6.—Returns come in slowly and up to 6 o'clock last night neither of the state headquarters had received complete returns from a single county. The count for Arapahoe county has not yet been completed, and out of the seventy-six precincts but twenty-five have been received from the city and county. These give Townsend, Republican, for congress 4,898; O'Donnell, Democrat, 3,703. For governor, Routt, Republican, 4,730; Yeaman, Democrat, 3,801. Returns so far received from outside counties give the head of the Republican ticket a plurality of 1,753. At the Democratic headquarters Chairman Arbuttle claims they have undoubtedly elected nine of the ten members of the legislative ticket in this county. The Republicans deny this but admit the vote will be so close that the result cannot be determined until the official count has been made.

Returns from every precinct in Lake county except one, which is Democratic, gave O'Donnell a majority of 750; Yeaman, 1,450.

Returns so far received from El Paso county give Townsend a majority over O'Donnell of 782; Routt over Yeaman, 776.

Partial returns from Las Animas county give O'Donnell a majority of 47; Yeaman, 459.

Indiana.

INDIANAPOLIS, Nov. 6.—The Democrats will have a majority in both branches of the legislature of about 25. The following congressmen are elected, the First district being in doubt, but probably carried by Barrett, Democrat.

First district, doubtful.
Second district, J. R. Bretz, Democrat.

Third district, J. R. Brown, Democrat, re-elected.

Fourth district, William S. Holman, Democrat, re-elected.

Fifth district—George W. Cooper, Democrat, re-elected.

Sixth district—Henry N. Johnson, Republican.

Seventh district—William D. Bynum, Democrat, re-elected.

Eighth district—E. V. Brookshire, Democrat, re-elected.

Ninth district—Daniel Waugh, Republican.

Tenth district—David Patten, Democrat.

Eleventh district—Augustus N. Martin, Democrat, re-elected.

Twelfth district—C. A. O. McClellan, Democrat, re-elected.

Thirteenth district—D. F. Shively, Democrat, re-elected.

Reports from all parts of the state show that the entire Democratic state ticket is elected by big majorities, and

Chairman Michener, of the Republican committee, concedes the defeat of his party by about 15,000.

New York.

NEW YORK, Nov. 6.—Returns show that the Democrats have elected sixty-seven assemblymen in this state and the Republicans fifty-nine. Two districts are still somewhat in doubt, with probability in favor of the Republicans. To secure a majority on joint ballot the Democrats require sixty-eight, the Republicans sixty-two, as the Republicans have nineteen senators, the Democrats thirteen. It looks therefore like a tie on joint ballot. A United States senator depends on the result.

ALBANY, Nov. 6.—Col. Williams, the governor's private secretary says that the next assembly will have sixty-six Democratic members sure. He estimates that the Republicans have elected fifty-nine members, and claims that the result in the First, Dutchess county district, the First Wayne county district and the Montgomery county district is still in doubt.

Wisconsin.

MILWAUKEE, Nov. 6.—At 1 o'clock this afternoon Chairman Payne conceded the state senate as well as the assembly to the Democrats. Thomas, Republican, for congress in the Seventh district, is defeated by a small majority. La Follette, Republican, is beaten in the Third by 1,200, and it is believed that McCord has been defeated in the Ninth. Advice received this noon state that Haugen is sure of re-election by a small majority.

Chairman Wall, of the Democratic state committee, claims a majority of 35,000 for Peck, and also insists on claiming six out of the nine congressmen.

The latest returns indicate a plurality of 20,000 and upwards for George W. Peck, Democrat. The Democrats elect a majority of the assemblymen and the state senate. In the lower house they will have a majority of 80 or over, and in the senate a majority of 2. They elect seven out of nine congressmen. The Wisconsin delegation in the next congress will be as follows: First district, H. A. Cooper, Republican; Second, Charles Barwig, Democrat; Third, A. R. Busnell, Democrat; Fourth, John L. Mitchell, Democrat; Fifth, George H. Bricker, Democrat; Sixth, L. R. Miller, Democrat; Seventh, Frank Colburn, Democrat; Eighth, doubtful; Ninth, Thomas Lynch, Democrat.

Tennessee.

NASHVILLE, Nov. 6.—Returns are coming in very slowly. John P. Buchanan, Democrat, for governor will have between 25,000 and 30,000 majority. The legislature is two-thirds Democratic and both houses. The congressional delegation will stand as follows: First district, R. R. Butler, Independent Republican; Second district, L. C. Honk, Republican; Third district, H. C. Snodgrass, Democrat; Fourth district, Benton McMillin, Democrat; Fifth district, James D. Richardson, Democrat; Sixth district, Joseph E. Washington, Democrat; Seventh district, N. N. Cox, Democrat; Eighth district, B. A. Enloe, Democrat; Ninth district, R. A. Pierce, Democrat; Tenth district, Josiah Patterson, Democrat.

Massachusetts.

BOSTON, Nov. 6.—The vote for governor has now been received from every town in the state except Gosnold, and the figures show an overwhelming Democratic victory. Russell's plurality is 9,650. Brackett's plurality in 1889 was 6,775. Results in the congressional districts are: First, Randall, Republican; Second, E. A. Morse, Republican; Third, Andrew, Democrat; Fourth, O'Neill, Democrat; Fifth, Hoar, Democrat; Sixth, Lodge, Republican; Seventh, Cogswell, Republican; Eighth, Stevens, Democrat; Ninth, Williams, Democrat; Tenth, Walker, Republican; Eleventh, Coolidge, Democrat; Twelfth, Crosby, Democrat. The congressional delegation thus stands, seven Democrats, five Republicans, a gain of five Democrats.

Iowa.

DES MOINES, Iowa, Nov. 6.—Returns from one-third of the state show Democratic gains sufficient, if continued, to wipe out the Republican majority of two years ago and give a small Democratic majority. The congressional delegation will stand as follows, as it now appears: First, Zerily, Democrat; Second, Hayes, Democrat; Third, Henderson, Republican; Fourth, Butler, Democrat; Fifth, Hamilton, Democrat; Sixth, White, Democrat; Seventh, Hayes, short term, and Hull, full term, both Republicans; Eighth, Flick, Republican; Ninth, Bownan, Democrat; Tenth, Dolliver, Republican; Eleventh, Perkins, Republican.

Delaware.

WILMINGTON, Del., Nov. 6.—Complete returns from the whole state give Reynolds, Democrat, for governor, 445 majority, and Causey, Democrat, for congress, 514 majority. The city of Wilmington has gone 414 Republican on the head of the ticket. The Republicans elect their county ticket in New Castle county by 336 majority. The next legislature will stand: Senate—Democrats 5, Republicans 4; house—Democrats 14, Republicans 7. There is no United States senator to be elected. The Prohibitionists, who had a full ticket in the field, polled about 150 votes in the whole state.

Florida.

JACKSONVILLE, Fla., Nov. 6.—Five counties—Duval, Putnam, Volusia, Alachua and Marion—heretofore either wholly or in part Republican, give handsome Democratic majorities. The greatest revolution in this county, Duval, which has heretofore given from 1,800 to 2,000 Republican majority. The returns from Tuesday's election show a Democratic majority of from 1,100 to 1,443, the latter being Mabries for supreme court. This is a Democratic gain of from 2,900 to 3,333 for the various candidates. Putnam county, heretofore Republican, is Democratic.

Arkansas.

LITTLE ROCK, Ark., Nov. 6.—The Gazette, Democrat, says: In Arkansas we have re-elected Cate in the First, and Breckinridge in the Second district and restored a solid Democratic delegation. Returns received at Republican headquarters indicate the election of Langley, Union Labor, in Second district, over Breckinridge, Democrat, and Featherstone, Union Labor, in the First district, over Cate, Democrat. The Farmers' Alliance voted solidly with the Democratic party. If Langley and Featherstone are elected they owe their election to the Republican vote.

Washington.

SEATTLE, Wash., Nov. 6.—Returns from 180 precincts give Wilson, Republican, for congress, 11,500; Carroll, Democrat, 8,509. If this ratio is maintained Wilson's majority will exceed 3,000. The legislature will probably stand: Senate—Republicans, 31; Democrats, 28. House—Republicans, 60; Democrats, 28. It is thought these figures will not be materially changed by complete returns.

New Jersey.

TRENTON, N. J., Nov. 6.—English, for congress, has 1,803 majority. The next state senate will stand: Democrats, 13; Republicans, 7; Independent Democrat, 1. The assembly will stand: Democrats, 39; Republicans, 21. Prominent politicians attribute the great Democratic victory to the McKinley and force bills. The election passed off quietly. Some arrests for bribery are threatened.

North Carolina.

RALEIGH, N. C., Nov. 6.—Returns from 400 precincts, one-fourth of the total number, give a net Democratic gain of 13,000. Newborne, Democrat, continues to make large gains in the congressional vote in the Second district. It is impossible as yet to predict the result there, as some heavily Republican counties have not been heard from.

West Virginia.

WHEELING, W. Va., Nov. 6.—The indications are that the Democrats have made a clean sweep. Hubbard, Republican, for congress in the First district, has been defeated by fully 500 majority. Smith, Republican, for congress in the Fourth district, still claims his election by a small majority. The state senate will probably be a tie.

Nebraska.

OMAHA, Nov. 6.—Returns from 352 precincts in Nebraska show Boyd, Democrat, 4,000 ahead of Richards, Republican. Charles Ogden, chairman of the state Democratic committee, claims Boyd's election by from 5,000 to 7,000 plurality. He also claims three congressmen and the entire state ticket.

Connecticut.

HARTFORD, Conn., Nov. 6.—The Connecticut legislature is 10 to 16 Republican on joint ballot. Morris, Democrat, for governor, is 53 short of a popular majority. Official returns continue to bring in scattering votes, and it is evident that no election has been made. If so the legislature will elect Merwin, Republican.

New Mexico.

ALBUQUERQUE, N. M., Nov. 6.—The editor of the Albuquerque Democrat says the indications are that Joseph, Democrat, has carried ten of the fourteen counties in New Mexico, and that the Democrats will have a majority of the senate and house for the first time in twenty-four years.

Wisconsin.

MILWAUKEE, Nov. 6.—E. C. Wall, chairman of the Democratic state central committee, claims the state by 34,000 plurality. C. C. Payne, chairman of the Republican state central committee, concedes the state to the Democrats—legislature and all, but gives no figures.

North and South Dakota.

ST. PAUL, Nov. 6.—In North Dakota the Republicans elected congressmen and state ticket by from 2,000 to 4,000. Scarcely any returns have been received from South Dakota, and nothing is known about that state.

Montana.

HELENA, Mont., Nov. 6.—With all the counties heard from save two, and allowing the Republicans the same majorities they had last year, Dixon, Democrat, is elected to congress by 450 over Carter, Republican.

Nevada.

RENO, Nev., Nov. 6.—Advice from various points of Nevada indicate the election of Col. Cord, Republican, for governor and Bartine, Republican, for congress by majorities between 5,000 and 6,000.

Michigan.

MARQUETTE, Mich., Nov. 6.—Belated returns indicate the election of Stephenson for congress by a reduced majority. Brustad, for state treasurer, runs ahead of his ticket, and is probably elected.

Almost Solid.

COLUMBIA, S. C., Nov. 6.—Six of the seven congressmen in this state are certainly Democrats, and the seventh in doubt.

California.

SAN FRANCISCO, Nov. 6.—The Democrats concede the election of entire state Republican ticket.

Paid With Lead.

NASHVILLE, Tenn., Nov. 6.—Mr. George Terry, of the Terry Manufacturing company, a prominent citizen, was shot and dangerously wounded this morning in the parlor of his residence, by William Ragio, the proprietor of Ragio's barber shop on Church street. The shooting grew out of business disagreements arising over the fitting up of Ragio's establishment by the Terry Manufacturing company, which has culminated in Mr. Terry's taking legal proceedings to secure payment of money claimed to be due on the work.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
 Proprietors.
 THURSDAY, NOVEMBER 6, 1890

Will Judge Whitaker come down from Frankfort in a special train to vote for the "hyena?"—Maysville Republican.
 Well, the Judge came down and he must have voted for the "hyena," judging from that big majority in No. 2.

"Few can be found to believe it is not woefully deficient," says the Chicago Tribune in referring to the late census. When such leading Republican journals as the Tribune jump on Depopulator Porter, there must be good grounds for kicking.

The Republicans builded wisely in one sense of the word when they admitted a lot of Western mining camps to the sisterhood of States. A few more elections like the last one would wipe out the G. O. P.'s control in both branches of Congress. The House is all O. K. for the Democracy.

BRUCE's friends have worked a master stroke in securing opposition to Mavity. One blast upon his huge horn and a thousand decent voters rush to the opposition.—Maysville Republican.

We don't know whether Mavity's opposition to Bruce did the work or not. Look at that little majority for Bruce in his home county—twenty-seven.

DURING the last fiscal year the United States expended \$109,357,534 for pensions, an increase of \$22,000,000 over the previous period of corresponding length. It is a greater sum than the assessed value of several States, and it is the most prodigious burden ever put upon any people for such a purpose. "Verily, the backs of the American people are strong and their patience is lasting," remarks the Louisville Times. But they are reaching that point where "patience ceases to be a virtue."

Explaining Their Defeat.
 The Democrats "wiped the yearn up" with their opponents at the election this week and the G. O. P., journals will be busily engaged for some time explaining the cause of their defeat. Here is what the St. Louis Globe-Democrat (Republican) says:

"It is not difficult to point out the immediate causes for the Republican reverses. To the Federal Elections bill and tariff must the result be chiefly attributed. An unfortunate mistake was made by the Republicans in persisting in their endeavor to pass the former measure in the face of the opposition of the leading Republicans of the South, for whose imagined benefit the bill was being pushed, and against the protest of the masses of the party in the West. The blunder is patent enough now to the most pronounced and persistent champions of the measure, and there is not much likelihood of its enactment in the coming session. It was through the tariff law, however, that most of the damage was inflicted on the Republicans.

Expensive Drugs.
 We would, perhaps, wonder less at the fancy charges made by physicians and surgeons who have rare and exceptional cases in charge, if we only knew the cost of drugs they use in special diseases. For the benefit of the army of "The Curious," we have prepared the following list of scarce and expensive drugs: Three-pound bottle of alkaloid of aconitine, \$485.40; quarter-ounce phial of chelidonium alkaloid, a new drug used in skin diseases, scrofula and dropsy, \$88; cocaine, about \$120 per pound. A five-ounce bottle of "true colicin" will cost about \$350, or about \$70 per ounce. Crystals of elaterin, a poison used in cases of hydrophobia and lockjaw, prepared from a plant called South American Indian arrow, is worth about \$145 per ounce.

Among other costly drugs we might mention the following and the different sized bottles and phials in which they are sold: Agaricin, 4½ ounces, \$43.75; colocynthin, 5½ ounces, \$114.75; conline hydrochlorate, 4½ ounces, \$98.45; cyclamin, 3½ ounces, \$54.05; digitoxin, 1½ ounces, \$87.40; gentisin, 1½ ounces, \$91.15; heliotropin, 6 ounces, \$61.25; dydrastine hydrochlorate, 6½ ounces, \$194.80; papayotin, used as a solvent for the diphtheric membrane, 13-ounce bottles, per bottle, \$189.40. Besides the above there are various preparations made from the Calabar bean, the cost of which is amazing. They are generally used in diseases of the eye. One is called physostigmine alkaloid, and costs \$137.50 per ounce phial. Physostigmine crystals are still more expensive, being sold in 2½-ounce bottles at a cost of \$503.15. Still another prescription of the Calabar is physostigmine salicylate crystals, an aristocratic drug that entirely furnishes a fitting cap-sheaf for this pyramid of costly stuffs, which is furnished to the consumer who is able to buy at the reasonable charge of \$1,810.020 for a 2-ounce phial.—St. Louis Republic.

FIVE THOUSAND.

Paynter's Majority Is Very Close to the Above Figure—A Big Victory.

Democrats Carry Every County but Lewis, and the Official Returns May Give 'Em That.

The Ninth district kept right along with the Democratic procession at the election this week.

The latest news is even more encouraging than the first returns. Paynter made almost a clean sweep. Every county in the district has been heard from but Rowan, and he carried all of them, with one exception. Bruce, the Alliance-Republican nominee, according to latest reports, did manage to pull through in his home county—Lewis.

A letter from Vanceburg last evening gives Bruce Lewis by only twenty-seven majority, and the official returns may wipe out this and show a victory for Paynter in the Republican stronghold of the district. The letter referred to above says: "There was a light vote polled, yet the contest was bitter in many precincts. The Alliance is somewhat disorganized but will doubtless prove a thorn in somebody's side, when freed of a few traitors who pose as leaders. I am told that the members are cursing Judge Thomas for his pretended interest in their success, and then deserting them in their hour of need." This bears out the BULLETIN in the claim it made at the start that Judge Thomas wasn't caring a picayune for Bruce, but was simply using that individual to break up the Alliance in Lewis. Bruce and his friends have no doubt caught on by this time and will take advantage of the first opportunity now to even up with the Judge. The Republicans are not going to have very smooth sailing hereafter in Lewis.

Complete semi-official returns in Fleming give Paynter a majority of 331 in that county. A letter from Flemingsburg says: "It was peculiar of this race that not a cent was spent in the county on either side, and the floater and the 'coon' were very conspicuously absent from the polls. One colored brother volunteered to vote for Paynter if the writer would but give him a drink, but liquid refreshment was not to be had, so the 'coon' voted right anyway to show his hatred for the 'Farmers' Reliance' that 'busted the Radicals in Lewis.' A number of Republican farmers voted for Paynter because of the McKinley bill. About a two-thirds vote was cast."

The latest returns give Paynter a majority of 610 in Bracken, 596 in Nicholas, 200 in Robertson and 317 in Bath.

Following is a summary of the result in the various counties:

FOR PAYNTER.	
Mason.....	897
Bracken.....	610
Harrison.....	906
Fleming.....	331
Nicholas.....	596
Bath.....	317
Carler.....	200
Lawrence.....	300
Boyd.....	400
Greenup.....	400
Total.....	5,151

Lewis..... 27
 This makes Paynter's majority in the district 5,124, with Rowan to hear from. The complete official returns will change the above somewhat. The majority may reach 5,300.

Religious.
 Elder E. T. Edmonds closed a meeting at Elizaville with 25 additions. There were four additions to the Presbyterian Church of Carlisle during the recent meeting.

Rev. J. M. Evans arrived home last evening from Paducah where he closed a successful two-weeks' revival. The Daily News of that city says:

"It was a rich harvest and 31 souls were brought into the ark of safety under the power and earnestness of Rev. Mr. Evans' able discourses. This number were added to the membership of the Second Presbyterian Church alone, besides a great many converts who united with other denominations in the city. Ever since the opening sermon by Rev. Mr. Evans, the church building has been packed to overflowing at most all of the meetings, and at no time, despite the numerous public diversions, has a goodly number of people failed to congregate in the handsome new church to listen to the zealous appeals of the good man who has so successfully conducted the services, with the aid of Mr. Hopper, the noted singer. Mr. Evans and Mr. Hopper left under strong persuasion to remain longer, and they carry with them the blessings of all christian people and especially the warm gratitude of the Second Presbyterian people, whose church they so materially strengthened during their sojourn. The church has now a total membership of 99 and has received such an impetus that it will grow greater numbers rapidly."

THE NEXT CONGRESS.

The Democrats Will Have a Majority of Over One Hundred and Thirty.

New York, Nov. 6.—Returns received up to midnight would indicate that the Democrats have a majority of over 130 in the next congress. Phenomenal gains have been made in many states. The representation from all of the states would seem at this hour to be about as follows:
 Alabama, eight Democrats.
 Arkansas, five Democrats.
 California, two Democrats, four Republicans.
 Colorado, one Republican.
 Connecticut, three Democrats, one Republican.
 Delaware, one Democrat.
 Florida, two Democrats.
 Georgia, ten Democrats.
 Idaho, one Republican.
 Illinois, twelve Democrats, three Republicans.
 Iowa, six Democrats, five Republicans.
 Kansas, one Democrat, five Alliance, one Republican.
 Kentucky, nine Democrats, two Republicans.
 Louisiana, six Democrats.
 Maine, four Republicans.

 Democratic majority over Republicans, 134.

Costly Drugs.

Among costly drugs we might mention the following and the different sized bottles and phials in which they are sold: Agaricin, 4½ ounces, costs \$43.75; colocynthin, 5½ ounces, \$114.75; conline hydrochlorate, 4½ ounces, \$98.45; cyclamin, 3½ ounces, \$54.05; digitoxin, 1½ ounces, \$87.40; gentisin, 1½ ounces, \$91.15; heliotropin, 6 ounces, \$61.25; dydrastine hydrochlorate, 6½ ounces, \$194.80; papayotin, used as a solvent for the diphtheric membrane, 13 ounce bottles, per bottle, \$189.50. Besides the above there are various preparations made from the Calabar bean the cost of which is amazing. They are chiefly used in diseases of the eye.

One is called physostigmine alkaloid, and costs \$137.50 per ounce phial. Physostigmine crystals are still more expensive, being sold in 2½-ounce bottles at a cost of \$503.15. Still another preparation of the Calabar is physostigmine salicylate crystals, an aristocratic drug that surely furnishes a fitting cap sheaf for this pyramid of costly stuffs, which is furnished to the customer who is able to buy at the reasonable charge of \$1,810.020 for a 2-ounce phial.—St. Louis Republic.

He Was Not Anxious to Learn.
 Professor Albert Boehm, of this city, is an enthusiastic naturalist. He has a large collection of birds and animals, and makes a practice of exhibiting them at fairs. The professor was at the Winona fair, and had his museum in a tent on the grounds. One day a gentleman stepped in by the tent and looked at a couple of coons which were tied to a stake near the entrance. He did not know what the animals were and asked the professor, who told him they were coons, and said: "If you will give me ten cents and come inside the tent, when you come out you will know more about natural history than any of your normal professors." The offer was a good one, but the gentleman refused and turned away. Professor Boehm asked a bystander who it was, and was told, "Professor—, of the Winona normal school."—La Crosse Leader.

Americans Lead in Cut Glass.
 In cut glass the American make is foremost. Water glasses in the popular strawberry and fan pattern sell for from \$7.50 to \$9 a dozen. Flower bowls in the same design, six inches in diameter, cost \$5 each. Ten dollars will buy a handsome water pitcher. Dainty dishes for bonbons cost very little, and there is an endless variety of small pieces for table use.

Baccarat or pressed glass is much cheaper than the cut, and pretty vases cost from forty cents to \$3 or \$4. The designs are pretty, and the price makes them popular.—New York Telegram.

Is There Nothing New Under the Sun?

A leather Boot, absolutely water-proof and snow-proof, is a thing that would lay claim to such recognition. Were the assertion made that such a thing existed, doubt would arise on all hands and men would say:

Can This Thing Be?

For we have never seen a Boot made of leather that would actually turn both water and snow, and should there be such a thing we would regard it as a boon of great price. We claim to have just that thing; it is

The W. H. Means Waterproof Boot!

TWICE WEDDED.

W. P. Campbell and Miss Mamie
Heaverin Secretly Married
Last December.

Another one of the many secret wed-
dings solemnized at Aberdeen by 'Squire
Beasley has come to light.

The discovery was made by Editor
Stevenson, of the Aberdeen Gretna Green,
while running over the records of the
veteran matrimonialist's office a few days
since.

While examining the list of mar-
riages the past year or so, Mr. Stevenson
says he was somewhat surprised to find
the names "Wm. P. Campbell and Miss
Mamie Heaverin, Bracken County, Ky.,"
under date December 12, 1889. In re-
sponse to inquiries, 'Squire Beasley stated
that the couple had been married at that
time; that they had come to his office in
a closed hack, and that he afterward got
a letter from Campbell telling him to
keep the matter quiet.

The contracting parties to this secret
wedding were married the second time
only a few months ago in the M. E.
Church at Augusta.

Mr. Campbell was editor of the Mays-
ville Democrat a few years ago, and now
has charge of the Kentucky edition of
the Cincinnati Post. His wife is a daugh-
ter of Rev. C. F. Heaverin, of Augusta.

Meteoric Display.

"In the astronomical record of the
month of November this year the only
event of special popular interest will be the
meteoric display which will take place on
the 12th, 13th and 14th," says an ex-
change. "A zone of 'shooting stars' or
meteors, with an orbit extending out-
ward beyond that of the planet Uranus,
crosses the earth's path at a point which
the earth reaches this year just before
the middle of November. When the
earth dashes through this zone the mete-
ors are attracted toward the earth by the
force of gravitation, igniting when they
enter our atmosphere because of the re-
sistance it offers to their flight, and the
tiny specks of lights thus caused render
the monster's presence visible to us. The
meteor stream is so broad that the earth
will be three or four days sweeping
through it, and during this time the
bombardment of our globe, figuratively
speaking, by these minute bodies will be
under way. On the 12th or 13th the
middle of the stream will be reached,
and on those days, from about midnight
until morning twilight, the display will
be seen under the most favorable circum-
stances. The meteors emanate from a
part of the firmament occupied by the
constellation of Leo, or the Lion, and for
this reason they are called Leonids.
Those who look for a 'shower,' however,
will be disappointed. The November
meteoric showers occur only about three
times in a century, being thirty-three or
thirty-four years apart. The largest took
place in 1867, and another may be looked
for about 1900, or ten years hence."

The Minstrels.

Al. G. Field's Minstrel Troupe is one
of the very best that has ever visited
Maysville. Such is the opinion of an old
theater-goer. The audience at the opera
house last night was a large one, and
everybody was delighted with the enter-
tainment. There wasn't a bad feature in
the entire performance. The steamboat
race, which made up the first part, was a
beautiful picture and was an innovation
in minstrel entertainments. The singing
was good, the dancing excellent, the
"Cradoe" swinging of the battle axes was
roundly applauded, as were also Estus,
the equilibrist, and the Mignani troupe of
musicians.

THE second trial of John Marshall, one
of the three negroes charged with murder-
ing Simon Travle, is in progress in the
Circuit Court before the following jury:
W. H. Harrison, O. B. Thomas, John
Knoveshow, Jos. R. Davis, Ed. Hunter,
Ed. Henderson, Henry Thompson, J. G.
Lee, Abe Britatin, Ira Golden, John B.
Sidwell and John R. Lashbrook. The
first trial resulted in a hung jury. The
arguments will likely be made this after-
noon.

THE Marie Greenwood Opera Troupe,
who appear here Monday Nov. 10th,
comes with a large company of talented
artists and will present Von Suppe's
"Boccaccio." This company embraces
several well known people and headed
by such a clever artist as Miss Greenwood,
nothing but charming vocalism can be
expected. The Toledo (Ohio) Blade
speaks as follows: "The opera house was
crowded last night from the stage to the
top of the upper gallery to witness the
opera 'Boccaccio,' by the Greenwood
Opera Company. Miss Greenwood, as
Fiametta, left nothing to be desired.
This lady is a singer of rare excellence;
she has a clear soprano voice, and is
ably supported by a competent com-
pany."

MINER'S AXIMS

While the wisdom of being better
late than never is quite appar-
ent, much more obvious is the
advisability of never being late.

Avoid mysteries.

To the inexperienced eye the
religion of the man in the moon
is not more mysterious than a
pair of shoes. They may cover
a multitude of manufactur-
ers' sins, or they may be better
than they seem.

Don't be shod in shoddy.

You can avoid it if you will.
Miner's sole rule is to misrep-
resent nothing, and so his sole
rules. He does not know wheth-
er the man in the moon is an
Atheist or a Mormon, but he
does know all about shoes, and
a pair never leaves his store
under false pretenses.

His square-toed shoes are
matched by square-toed state-
ments, and his round-toed shoes
are encircled by no round-about
claims. One thing worth re-
membering: Whether you pay
much or little at Miner's, you
receive an equivalent larger in
proportion to the amount in-
vested than you can obtain any-
where else.

That's the important point.

ELEVATORS BURNED.

Buffalo, New York, Visited by a Fire.

QUARTER OF A MILLION LOSS.

The Fire Still Raging and Beyond the Control of the Firemen, Two of Whom are Fatally Injured by Falling Walls. Other Fires.

BUFFALO, Nov. 6.—The Wells elevator, the largest in the city, has been totally destroyed by fire. Two other large elevators and a number of adjoining ware houses are now in flames, and the fire is spreading rapidly along the lake front.

The Wells elevator had a capacity of 500,000 bushels. The loss will reach \$250,000. Two firemen are reported fatally hurt and it is believed that a number of others are under the falling walls. The Wilkinson elevator at the foot of Main street, and adjoining malt houses, are threatened.

Heavy Loss at New Rochelle, N. Y.

NEW ROCHELLE, N. Y., Nov. 6.—About 9 o'clock yesterday morning a fire was discovered in the grocery store of George Ferguson. The flames rapidly spread to other buildings, baffling the efforts of the firemen to check them, and help was asked of the neighboring towns and quickly forthcoming.

In one of the buildings burned, a large storage house, was stored a large amount of furniture, silverware and bric-a-brac, belonging to Delancey Kane and Adrian Iselin, the banker, of New York, which was entirely destroyed. Much of this property, which was valued pecuniarily at \$250,000, cannot be replaced. The loss on the other property burned is estimated at \$125,000, making the total loss \$375,000.

Two Incendiary Fires.

DENVER, Nov. 6.—The large furniture warehouse of J. N. Kilpatrick was burned yesterday. Loss, \$50,000. The dwellings of J. H. Jackson and B. A. Woodson, capitalist, were also destroyed. These fires, in different portions of the city, broke out almost simultaneously and were evidently the work of incendiaries.

Three Mills Destroyed.

HARTFORD, Conn., Nov. 6.—Three mills belonging to the J. B. Williams company, of Glastonbury, Conn., used for the manufacture of soap powder and ivory, were burned last night. Loss \$100,000; insured for about half.

MORE MONEY FOR THE FAIR.

CHICAGOANS VOTE \$5,500,000 Additional.

CHICAGO, Nov. 6.—The first result of the election to be known for a certainty was the success of the proposition to increase the backing of the world's fair to \$10,500,000. The vote of the city was practically unanimous in favor of adding to the fund already guaranteed \$5,000,000 by the issue of city bonds, and by means of South park bonds, \$500,000 more. Director General Davis said Tuesday night that the work of the fair would now go forward with a rush. Plans for the buildings were already tentatively complete, and the definite location of each would be definitely settled without further delay. It only remained for the president of the United States to issue his formal proclamation to the nations of the world. This proclamation will doubtless shortly follow the meeting of the National commission, which is to be held in Chicago within a fortnight. The commission will certify to the president that Chicago has more than carried out the statutory requirement that the world's fair project should have an assured money support of \$10,000,000.
